

Ultra 1.50 AR

Premium Plastic Lenses

featuring

Surpass[®] ECP
Super Hydro AR

Ultra 1.50 AR lenses feature excellent optics and Surpass[®] AR with new EasyClean[®] Plus. This outstanding protective top-coating combines hydrophobic and oleophobic chemistry to provide ultra-high coating surface tension. The result is a lens that is extraordinarily easy to clean. Engineered for the best overall durability, Surpass ECP repels water, oils and grime, while preventing deterioration due to UV, humidity and normal temperature fluctuation.

EASY TO CLEAN

COST EFFECTIVE PERFORMANCE

PROVIDES IMPROVED DURABILITY

Ultra 1.50 AR

Premium Plastic Lenses

featuring

Benefits

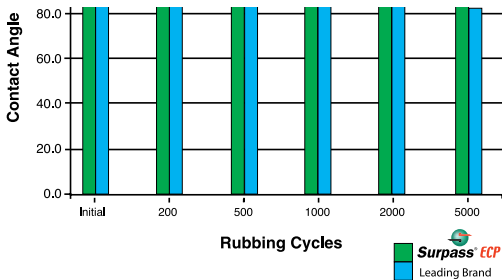

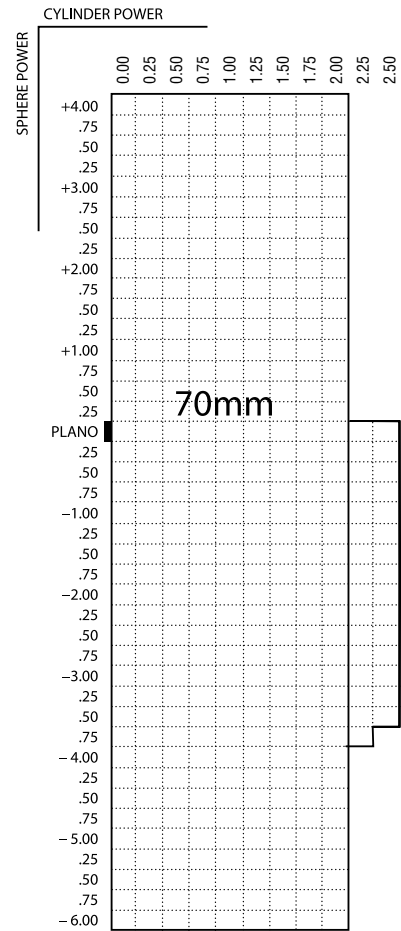

- Easy to clean with improved hydrophobic and oleophobic topcoat.
- Cuts reflection from computer and television screens.
- Toughest scratch resistance available.
- Extends the life of the lens.
- Eliminates reflections from light sources.
- Helps prevent distorting glare.
- Removes reflections that show up on lens surfaces.

Specifications

- Material:** CR-39
Design: Spherical
Diameter: 70mm
Refractive Index: 1.50
UV Cutoff: 360 nm
Abbe Value: 58
Coatings: Scratch Resistant Hard Coat
 Surpass[®] Multi Layer AR with EasyClean[®] Plus Topcoat

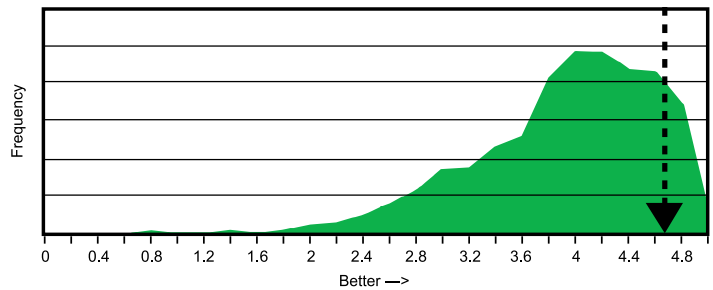

Also available in standard AR: 75mm Ultra 1.50 AR and Ultra 1.50 UVAR with UV 400 inhibitor.
